

Dear Bob: Glad you came to take stuff to Gaffney--I was most interested that you were interested in our family "tie-up" background---that your grandfather helped my grandfather with cattle---that your father farmed for J.G.Gillett's daughter--- Aunt Jessie---theⁿ for me his granddaughter and now you take care of Dean McClure---his great grandson

You know--Bob--you are quite a person

— some day
you'll be a "personage"! Ask your
smart children what that means
if T.V. tells — otherwise
